

Aviation Administration & Management Program

About American Winds

American Winds College of Aeronautics offers four aviation academic programs to prepare students to achieve their goal of pursuing a career in aviation.

Why Choose American Winds?

The following are just a few things that distinguish American Winds from other flight training facilities:

- ~ Our two-year program is the fastest route to your lifelong career in aviation. Commercial airlines prefer hiring candidates with a degree which means **you may be hired sooner** than someone without a degree.
- ~ Liberty University School of Aeronautics Flight Training Affiliate. Earn a Bachelor of Science in Aviation in as little as two years. Take online general academic and aviation academic classes with Liberty, but **FLY WITH AMERICAN WINDS!**
- ~ Small class size and individualized instruction vs. competing for time and attention among 100+ students.
- ~ Training in all-season weather; you'll gain invaluable experience learning to fly in **all** conditions.
- ~ We offer quality aircraft that are maintained on-site, ATD flight training device, online academic courses and unlimited ground school.
- ~ **No training delays** - instructors and aircraft available year-round, 7 days a week.
- ~ Financing options may include: FMS Bank student loans up to **\$100,000** for those who qualify, VA benefits, Pilot Finance or AOPA Finance.

Job Outlook:

Aviation Administration & Management

The United States Bureau of Labor Statistics (BLS) reports that employment for airfield operation specialists and administrative service managers, such as those found in aviation administration, is expected to grow approximately 5% through 2024.

Entry-level positions will most likely be available at municipal airports or FBOs, airfields or airports in smaller cities. The BLS May 2015 indicates that Texas, California, Florida, Michigan and Pennsylvania have the highest level of employment in this field.

Salary Potential

The chart below is a conservative estimate from the BLS on wages in this field. Factors such as geographic location and candidate experience will affect earnings.

Percentile	10%	25%	50% (Median)	75%	90%
Hourly wage	\$12.66	\$17.75	\$24.94	\$32.95	\$45.83
Annual salary	\$26,340	\$35,880	\$51,880	\$68,540	\$95,330

Aviation Administration & Management Program Overview

The Aviation Administration & Management Program splits its focus evenly between management, supervisory and administrative positions in aviation and other aviation-related professional fields. This program combines technical and aeronautical courses with courses in management and information systems, marketing, public relations, financial accounting, operations, financial accounting, sales and technical assistance, contracts, labor laws and human resource management techniques.

Students will also learn about laws and regulations specific to the aviation industry, including those put forth by the Federal Aviation Administration (FAA). A graduate of the Aviation Administration & Management Program will hold a Private Pilot Certificate (single engine rating).
